

CLYLP COMCAST FELLOWSHIP PROGRAM

Deadline to apply for the 2024 CLYLP Comcast Fellowship is Friday, February 23, 2024 at 5 p.m. PST.

CHICANO LATINO YOUTH LEADERSHIP PROJECT BACKGROUND

The CLYLP is a statewide, community-based volunteer organization founded in 1982 whose mission is to enhance and build the leadership potential of California's youth to build communities and create a stronger, more prosperous state and nation. CLYLP programs connect young people with community volunteers, policymakers and professionals to motivate leadership and civic engagement by strengthening cultural identity, self-confidence and community connections; and open doors to academic achievement, career growth, and leadership opportunities.

CLYLP programs provide an opportunity to young people at a crucial moment in their lives to build their capacity and ambition, as well as alter their life courses. CLYLP programs motivate young people to pursue their education and become involved, engaged members of their communities. Moreover, the CLYLP enhances the leadership skills, academic preparation, self-esteem, and cultural awareness of young people.

CLYLP offers high school students four leadership development opportunities across California:

- Statewide Leadership Conference: a week-long intensive leadership training program in Sacramento, open to 120 students from California high schools;
- Central Valley Institute: a three-day intensive leadership institute held in Fresno, open to 40 students from the Central Valley region
- Los Angeles Institute: a three-day intensive leadership institute held in Los Angeles, open to 50 students from Los Angeles County;
- Bay Area Institute: a three-day intensive leadership institute held in Berkeley, open to 50 students from the Bay Area region.

THE CLYLP COMCAST FELLOWSHIP PROGRAM

Through a generous grant from the **Comcast Foundation** and in partnership with the **California Latino Legislative Caucus**, the **California State University, Sacramento-Center for California Studies**, the **University of California Center in Sacramento**, the **University of Southern California**, CLYLP sponsors a five-week fellowship program for CLYLP alumni who have completed at least their first-year of college/university studies.

While in this intensive fellowship program, participants will follow a rigorous curriculum that builds on prior training provided by CLYLP that includes:

- Mentorship with an individual in the Capitol Community who can help the Fellow understand the legislative process;
- An academically designed curriculum and assignments focused on the inner workings of California government as well as current and future statewide policy issues;
- Opportunities for close interaction and discussions with leading state policy makers;
- Intensive training around "issues-based organizing" and the factors/strategies influencing policy makers;

WHAT THE FELLOWSHIP OFFERS

- **Scholarship.** Fellows will each receive a scholarship of \$3,000 for the five-week period; these funds will be disbursed in installments as part of successful completion of components of the program.
- **Office Placement.** Each fellow will receive a Capitol mentor during the five (5) weeks to support their internship.
- **Housing & Transportation Arrangements.** The fellows will be provided with paid housing and will have access to public transportation in order to complete their assigned internship at the State Capitol and attend academic course sessions and policy briefings in downtown Sacramento. Fellows must pay for their public transportation costs (discount public transit fares are available to fellows while they are interning at the Capitol) and provide (and pay for) their own transportation to and from Sacramento, at the beginning and the conclusion of the Fellowship.
- **Interactions with State Leaders.** Through CLYLP partners, fellows will have the opportunity to engage key leaders in various sectors of California's life and culture. Virtual Site visits and informal gatherings will be provided through the month-long program, designed to build community and expand the fellows' leadership and support network.
- **Leadership Development & Training.** The fellows will receive exposure to a leadership curriculum that includes a focus on the inner workings of California government, the factors influencing policy makers and current and future policy issues facing California taught by academic faculty and leaders within the state. In addition, the fellows will have the opportunity to participate on a panel during the Sacramento (Statewide) Leadership Conference and may have the opportunity to participate in the SLC 'Capitol Day.'
