CHICANO LATINO YOUTH LEADERSHIP PROJECT BACKGROUND

The CLYLP is a statewide, community-based volunteer organization whose mission is to enhance and build the leadership potential of California's youth to build communities and create a stronger more prosperous state and nation. CLYLP programs connect young people with community volunteers, policymakers and professionals to motivate leadership and civic engagement by strengthening cultural identity, self-confidence and community connections; and open doors to academic achievement, career growth, and leadership opportunities. CLYLP programs provide an opportunity to young people at a crucial moment in their lives to build their capacity and ambition, as well as alter their life courses.

CLYLP REGIONAL INSTITUTES

CLYLP offers four regional institutes: the Bay Area Institute, the Central Valley Institute (formerly San Joaquin Valley), the Inland Empire Institute, and the Los Angeles Institute. Each institute offers a 3-day intensive program open to 50 incoming juniors and seniors from the designated region. Students are housed at a university campus and attend powerful workshops centered around the four 'C's – Culture, Community, College, and Careers and/or regional issues.

VOLUNTEERING FOR CLYLP INSTITUTES

CLYLP programs provide a life-changing experience for high school students with the help of a special team of volunteers. Serving as institute Facilitators, Peer Counselors and Support Staff, these exceptional individuals commit to spend one weekend mentoring and sharing their talents with students, making a significant impact on the students' lives. CLYLP seeks energetic volunteers from various backgrounds and experiences to guide and shape California's future leaders. CLYLP alumni are especially welcomed to re- connect with the CLYLP familia by volunteering as institute staff members.
